Statutory Auditors' report on the financial statements
For the year ended December 31, 2018

Bellon S.A.
17-19, place de la Résistance
92130 Issy-les-Moulineaux

To the General Meeting of Bellon S.A.,

OPINION

In compliance with the engagement entrusted to us by your General Meeting, we have audited the accompanying financial statements of Bellon S.A. for the year ended December 31, 2018.

In our opinion, the financial statements give a true and fair view of the assets and liabilities and of the financial position of the Company as at December 31, 2018 and of the results of its operations for the year then ended in accordance with French accounting principles.

BASIS FOR OPINION

Audit Framework

We conducted our audit in accordance with professional standards applicable in France. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the Statutory Auditors' Responsibilities for the Audit of the Financial Statements section of our report.
Bellon S.A.
Statutory Auditors’ report on the financial statements
For the year ended December 31, 2018 - Page 2

Independence

We conducted our audit engagement in compliance with the independence rules applicable to us for the period from January 1, 2018 to the date of our report and specifically we did not provide any prohibited non-audit services referred to in the French Code of ethics (code de déontologie) for statutory auditors.

JUSTIFICATION OF ASSESSMENTS

In accordance with the requirements of Articles L.823-9 and R.823-7 of the French Commercial Code (code de commerce) relating to the justification of our assessments, we inform you of the following matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period.

These assessments were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on specific items of the financial statements.

- The company's investment in Sodexo, whose net balance sheet amounted to €1,832,502 thousand as at December 31, 2018, is assessed at acquisition cost and impaired based on their value in use at each balance sheet date as described in note 2.2 “Immobilisations financières” to the financial statements. Our work consisted in reviewing the data and assumptions used in the determination of this value in use and checking the calculations made by your company.

SPECIFIC VERIFICATIONS

We have also performed, in accordance with professional standards applicable in France, the specific verifications required by French laws and regulations.

Information given in the management report and the other documents with respect to the financial position and the financial statements provided to the shareholders

We have no matters to report as to the fair presentation and the consistency with the financial statements of the information given in the management report of the Executive Board, and in the other documents with respect to the financial position and the financial statements provided to the shareholders.

We attest to the fair presentation and the consistency with the financial statements of the information given with respect to payment terms required under Article D.441-4 of the French Commercial Code (Code de commerce).
Report on corporate governance

We attest that the Supervisory Board's report on corporate governance sets out the information required by article L.225-37-4 of the French Commercial Code.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with French accounting principles and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless it is expected to liquidate the Company or to cease operations.

The financial statements were approved by the Executive Board.

STATUTORY AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our role is to issue a report on the financial statements. Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with professional standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As specified in Article L.823-10-1 of the French Commercial Code (code de commerce), our statutory audit does not include assurance on the viability of the Company or the quality of management of the affairs of the Company.

As part of an audit conducted in accordance with professional standards applicable in France, the statutory auditor exercises professional judgment throughout the audit and furthermore:

- Identifies and assesses the risks of material misstatement of the financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence considered to be sufficient and appropriate to provide a basis for his opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
Bellon S.A.
Statutory Auditors' report on the financial statements
For the year ended December 31, 2018 - Page 4

- Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.

- Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management in the financial statements.

- Assesses the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. This assessment is based on the audit evidence obtained up to the date of his audit report. However, future events or conditions may cause the Company to cease to continue as a going concern. If the statutory auditor concludes that a material uncertainty exists, there is a requirement to draw attention in the audit report to the related disclosures in the financial statements or, if such disclosures are not provided or inadequate, to modify the opinion expressed therein.

- Evaluates the overall presentation of the financial statements and assesses whether these statements represent the underlying transactions and events in a manner that achieves fair presentation.

NOTES TO THE FINANCIAL STATEMENTS

I  SIGNIFICANT EVENTS

In April 2018, Bellon SA bought 1,350,000 Sodexo shares for a 111 m€ amount, involving a 82 €/share average purchase price.

1.1 Borrowings

On June 2012 Bellon SA borrowed 172 million euros in a U.S. Private Placement transaction for a 10 years period. This financing is amortized on 6 years starting the 4th year.

On February 2018 Bellon SA reimbursed its third amortization for an amount of 23 Million euros.

On July 10, 2018, Bellon SA reimbursed the 70 m€ outstanding amount of the ELS (Equity Linked Swap) signed with Société Générale on July 2015 for an initial amount of 150 Million euros.

II  ACCOUNTING PRINCIPLES, RULES AND METHODS

The annual financial statements were prepared and presented in conformity with the principles, standards and accounting methods required by the general accounting plan of 1999 in compliance with Rule 2014-3 of the Accounting Regulatory Committee.

The accounting principles used in the preparation of the statutory financial statements for 2018 are the same as those used for 2017. The historical cost method was used in the preparation of these financial statements.

Unless otherwise mentioned, amounts included in tables in the footnotes are expressed in thousands of euro.

The amounts reported as exceptional income/expense represent those items which do not relate to current activities, as well as certain items considered exceptional by their nature but which concern ordinary activities.

2.1 Property, plant and equipment
Fixed assets are valued at acquisition cost less depreciation. Cost includes expenditures directly incurred to acquire the asset. All other repair and maintenance costs are recognized as expenses during the period in which they are incurred.

Fixed assets are depreciated over the useful life of the asset and taking account of their residual value.

The principal depreciation rates used are the following:
- General fixtures and fittings 9 years
- Office equipment 9 years
- Computer equipment 4 years
2.2 Financial assets
Shares in companies and other financial investments are carried at historical cost or contribution value. At each balance sheet date, an impairment write-down may be recognized if the value in use is less than the carrying amount.

2.3 Marketable securities
Marketable securities are recognized at their acquisition cost and are written down for unrealized losses.

2.4 Borrowings
Transaction costs on borrowings are expensed in « Commissions and expenses on loan issuance » in the period in which they are incurred.

The following agreements contain terms that are customary for loans of this nature made to a holding company: the Equity Linked Swap agreements signed with CACIB in June 2015, Natixis in July 2015, the agreements signed with the U.S. investors and the swap agreements. These conditions mainly include the following:

- the level of Bellon SA’s investment in Sodexo should not be less than 33.33% of capital and voting rights
- the ratio of revaluated assets to revaluated net financial debt must be higher than 2.5 as of August 31 and December 31 of each year
- the ratio "dividends to net financial expenses" should be higher than 1.1 each year
- total borrowings should be lower than 1.1 billion euro at any point in time
- Sodexo’s rating should not be lower than BBB-

As of December 31, 2018, Bellon SA met its commitments.
